- MDT's industry coverage (in print, online, or in our daily enewsletter) topics noted here plus patient safety, advanced design tools, cybersecurity, key regulatory and compliance issues, and other topics of interest to medical professionals.
- MDT also includes a sampling of the latest components, materials, subsystems used in medical products:

pumps & valves
optics
passive components
embedded systems & software
and more

tubing & extrusions
sensors
motion control & robotics
power supplies

materials & coatings
connectors
analog & digital ICs
